Prefatory Note:

There is literally nothing about which the rightwing is so ignorant as the correct meaning of the terms "left" and "right".

Rabbit Welch and the Little League Kosher Conservatives first tried to plead that the right meant "less Government" and "more individual freedom" until I began to present the truthful, historical meaning of the terms in college speeches and show what utter fools the rightists were in thus REVERSING the true meanings of the words. Faced with these facts which completely discredited their "less government" baloney, the kosher conservatives next retreated to the equally mad position that we are "leftists" and "the same thing as Communists". And at the same time he started blasting the "right", as per his Glendale advertisement, as "cannibals", "anarchists", etc. !

The fact that such a huge, well financed organization and leader as the Birch Society and Rabbit Welch could bare-facedly claim, before millions of people, that "anarchy" is on the RIGHT shows such abysmal, staggering IGNORANCE and STUPIDITY among otherwise intelligent rightwingers that it is time to get back to fundamentals with rightwingers of good will and honesty.

People wonder why the college kids are swarming to the left. Well one of the biggest reasons is their utter DISGUST with the childish nonsense peddled by their elders in the hare-brained "right" of Rabbit Welch and his ilk. Kids today are not stupid nor are they dumb enough not to know that anarchy is the EXTREME of the left. When they see and hear the "right" making such absurd statements as that the right means "cannibalism" and "anarchy"--they are disgusted and FORCED to the left. We GIVE them to the Jews, niggers, queers, etc.

We can't afford such suicidal ignorance.

Therefore, in this ROCKWELL REPORT I have presented a little basic essay in the origins and meanings of the terms "left" and "right", so that at least OUR people will not make such fools of themselves nor hand our kids over to the enemy by stupid default.

* * * *

Had I been born a thousand years ago, I should have been a "leftist".

All higher animal social groups, such as wolves, seals, monkeys, etc., have governments of absolute tyranny by the most superior individual, able to conquer all rivals. Only thus can Nature guarantee the group the best possible leadership in the struggle to survive. No other "government" is thinkable or possible among higher animals.

Such natural "tyranny" is no hardship on animals unable to imagine any other state. Animals simply accept the absolute domination of their conqueror, once established, the same way they unthinkingly accept storms, pain, annual migrations, sex and the other phenomena of the natural world into which they are born.

As the first cave men emerged from the dumb-brute state, their "government" was inevitably a simple carry-over of this rule by combat-proven conquerors.

In terms of geology and anthropology, not until the most recent times did man become sufficiently imaginative and intelligent to project his brief periods of surcease from the leader's domination into the abstract concept of "freedom". Even today, such a concept is utterly foreign and useless to primitive and savage groups under natural conditions. Whenever more advanced civilized groups attempt to give or force their noble concepts of "free" government on backward people, the latter quickly revert to their dictators and tyrants, as we see all over the tropics, in Africa, Haiti, etc.

Early kings and chieftans in European civilization--men like the Viking kings, King Arthur, Charlemagne, and William the Conqueror were very real fighting heroes, literally able to prove their kingship in mortal combat as in all primitive groups. And, since their people were still close to Nature, their governments were usually acceptable to most citizens of the time, even the lowliest. Strong and truly brave men are rarely cruel and evil; meanness and cruelty are the traits of weaklings, never real strong men.

But as kingship became a hereditary institution, utterly worthless and vicious weaklings, who could never survive in combat, became "kings"--and their cruel, mean "governments" were absolutely intolerable.

Under the lash of vicious and stupid tyrants, thinking and courageous men of all estates began to risk their lives to oppose these evil, little men, and to oppose the system that made little men "kings".

I would have been one of these men.

In an age of absolute, unnatural and tyrannical authority, self-respecting men by the thousands gave their lives so that their fellows could have some relief from this arbitrary total authority by unfit dogs, and so that the system of hereditary tyranny could be brought in check.

The result was the first European parliaments.

In these groups of nobles who began to limit the absolute authority of their kings, those who favored still further limitations on the power of the monarch and more "individual freedom" for the people traditionally sat on the LEFT.

Opposite this group, on the RIGHT, sat those who favored either the status quo or more autocratic power for the king--more government and less individual freedom.

That was the origin of "left" and "right", and the only true meaning of the words.

While the Western world suffered the grinding tyranny of weaklings, fools and greedy schemers, as "kings", and the system which crowned them, the place for self-respecting men who would not bow their necks to the tyrant's yoke was on the LEFT, and that is where I should have been, until the evil was corrected.

In short, from the earliest emergence of Western man, humanity has necessarily struggled against the naked tyranny of the "right", against arbitrary and absolute power and the system which could place such power irrevocably in the hands of weaklings and fools. "Progress", therefore, for a thousand years, was to move to the LEFT.

However, bad as was the absolute tyranny of the extreme right, it had the advantage of ORDER. There was a hierarchy of social and political status, a "pecking order" from the King down to the lowliest serf. Everybody knew his "place" and any disorder in the society was summarily put down by the King and his "nobles", backed by their army. A Martin Luther Coon and his riots would have lasted about ten minutes in Feudal society. There was "order" in society, but it was something of the "order" of a penitentiary.

Thus, at the extreme right end of the political spectrum, there is absolute tyranny, but also absolute ORDER.

In moving away from this absolute tyranny of the right, it was impossible NOT to more to the LEFT. And at the opposite EXTREME, the extreme left, the political opposite of the extreme right, stands total freedom and NO ORDER--"anarchy"! Anarchy is a condition of NO government, with each man free to do as he damn pleases. This is the condition aimed at by the Marxists, who claim that with "perfect" Communism, government will "wither away". (Strangely enough, it is also the aim the Birchers and kosher conservatives pretend to aim at--"less government", etc., etc.)

But when there is no government, in spite of the pretty theories of the Communists and Birchers, there is NO ORDER, and no safety for the decent citizen. During the Boston police strike in the twenties, before Coolidge put it down with the National Guard, there was bloodshed and looting all over Boston in the police-less city, and no decent citizen could come out of his home. Even IN his home, the decent citizen was likely to be attacked, robbed, raped and outraged.

Never in this world will ALL humans be "noble" and full of "love" for fellow men. And as long as there is just ONE louse who would use force to rob, rape, loot, kill, etc., then there must be SOME government and some kind of force available to society to protect itself from even the small minority of predators.

In other words, absolute tyranny is intolerable.

But so is absolute freedom.

As with most human affairs, the answer lies not in the extremes, but in what Plato called the "golden mean"--a BALANCE between the two extremes.

However, in struggling away from the misery of the total tyranny of the feudal middle ages, Western man had no choice but to move to the LEFT--from total tyranny and order, toward the other extreme of total freedom and NO ORDER--chaos. And I would have been forced, therefore, to move LEFT with the struggle for some freedom from absolute tyranny.

But humanity has a terrible habit in correcting evils.

Often it moves and fights long and hard to correct an evil, only to keep moving in the same direction to make AN EVIL OUT OF THE CORRECTION!

This is precisely what has happened in Western Civilization.

"Freedom" has become an insane fetish, a crazy, illogical shibboleth toward which everybody bows, regardless of whether it is REAL, responsible freedom such as America knew during the eighteen-hundreds, or the wild, murderous, vicious libertinism masquerading as "freedom" of savage Africa and the American "left".

We of the American Nazi Party believe that Western Man necessarily moved left for a thousand years, away from the total tyranny of the right, until he reached the "Golden Mean" of perfect balance between the need for order (and some government) and the need for liberty.

We believe that that ideal political Golden Mean was reached in the AMERICAN CONSTITUTION--not the filthy, twisted thing the Red Supreme Court has made of it, but the original, magnificently balanced government of laws and checks devised by our inspired Founding Fathers.

Before proceeding, let me sum up the argument so far.

The terms "left" and "right" refer only to the degree of authority in a society. The more authoritarian a government, the more "right" it is; the more libertarian it is, the more it is "left". This is historical and semantic FACT.

The extreme right of the political spectrum is absolute TYRANNY--all order with NO freedom.

The extreme left of the political spectrum is absolute freedom--all liberty and NO order.

Both extremes are intolerable for Western, civilized men.

The ideal to be aimed at is a perfect balance of enough governmental authority to guarantee order and safety for each citizen, while permitting him maximum personal freedom from arbitrary government and force.

In spite of the insane misuse of the term by almost everybody today, I cannot avoid declaring that the aim of good government in Western Civilization, therefore, must be to avoid the intolerable extremes of both left and right, and establish a government of the political CENTER.

HOWEVER, and that is one hell of a big "HOWEVER" .....

However, as I have written above, when Western Man had moved to the left far enough to correct the evil of tyranny, HE FAILED TO STOP!!

After we had established the American Constitutional Republic, in 1789 the perfect balance between authority and order against liberty and freedom, we CONTINUED TO MOVE TO THE LEFT--TOWARD LIBERTINISM AND ANARCHY!

After thousands of years of struggle toward "freedom" Western Man was unable to be satisfied when he reached MODERATION. Like a man dying of thirst in the desert, who gulps down such gallons of water that he kills himself, Western Man, thirsting madly for freedom, has gone right on past the inspired balance and moderation of the Constitution of 1789 to chase the chimera of "liberty" until today we teeter on the edge of ANARCHY--until there is so much phony "liberty" that the likes of Martin Luther Coon can legally survive while he incites riots, bloodshed and WAR in our midst, and win world prizes for "peace"!

All forms of authority, from the father of the family, to the police and soldiers, have been so beaten down and blasted that our younger generation is scornful of ALL authority.

Fathers are cursed as "fascists" or laughed at and ridiculed whenever they try to assert any authority to maintain order in the family. Policemen are suspended or even tried and jailed for "brutality" whenever they use force to bring order among rioting, murdering niggers or other disorderly citizens. College administrations are called tyrannical for trying to administer their own colleges, and bearded anarchists and terrorists defy all authority to parade around campuses actually carrying signs reading "F---"!! --as proof of their "freedom". Workers are taught that THEY should run businesses, not the organizers and owners of the businesses. Our Supreme Court and our toady Congress have decreed that the owner of a restaurant must recognize the "freedom" of a nigger or anybody to force his way onto private property, to eat or wet on the tables--as the urge may strike him. Criminals' "rights" are so zealously guarded that there is little order or safety in our cities any more. Queers demand the "right" to be "married" in public. Kids in schools terrorize their teachers. Beatniks demand free and legal dope. Jew and liberal "writers" demand the "right" to publish and sell to our kids the vilest and most perverted pornography as "literature" and "art".

I could go on and on, but this enumeration should be sufficient to show what has happened to our once magnificent Constitutional Republic.

We are racing toward ANARCHY, toward chaos and total freedom for MOBS.

We have left the total tyranny of the right, centuries ago, passed the Golden Mean in 1789 with the U. S. Constitution, and raced on, faster and faster and faster, toward the unspeakable evil of the extreme of the LEFT--ANARCHY.

Under these deadly conditions it is a matter of life or death for those who would lead us politically to know what they are talking about, and not CONFUSE the issue.

Yet we have the man who commands MILLIONS of dollars of funds contributed by desperate, decent Americans--"Rabbit" Welch--telling us that the right believes in ANARCHY and CANNIBALISM--and that Nazism and Communism are the SAME THING!

To understand just HOW insane and suicidal THAT is, let me report an experiment we used to make when I was studying psychology at Brown University.

We got a bucket of hot water and a bucket of ice water, and stuck one hand in each bucket. After our hands had gotten used to the extreme heat and the extreme cold, we plunged both hands together into a bucket of water at room temperature. The ordinary water felt BOILING hot to the hand which had been in the ice-water, and freezing cold to the hand which had been in the hot water!

I have mentioned this experiment, which you can do yourself, to point up the RELATIVE nature of the words "left" and "right". To be sure there are absolute extremes of these terms, as I have shown: tyranny on the right and anarchy on the left.

But the spectrum from right to left is a very great distance, and regardless of one's absolute position on the scale, those to the LEFT of one look like "leftists" regardless of their absolute position, and those to the right appear as "rightists".

This is why we have Gus Hall, head of the Communist Party of America, calling the wild, raging radicals of "Progressive Labor" "leftists" while Progressive Labor calls Hall a "rightist" and a "square".

This relativity on the left-right political scale is why "left" and "right" have lost a lot of meaning today.

AMERICA HAS MOVED SO DAMNABLY FAR TOWARD THE EXTREME LEFT, THAT ANY EFFORT TO GET BACK TO THE CENTER MUST, BY NECESSITY, APPEAR TO BE "EXTREME RIGHTIST".

Three decades ago, when Jewish Bolshevik leaders like Rosa Luxemburg were hanging the Red flag up and taking over whole states in Germany, the only reply of decent Germans HAD TO BE a movement toward the most violent extremity of the RIGHT --toward tyranny. When something gets too warm, you can cool it off by blowing on it. But when it catches on FIRE, as Germany was on fire with Jewish Bolshevism, you can't put the fire out by blowing on it--you need the OPPOSITE of fire--water, to put it out.

When leftism reaches the point of REVOLUTION and ANARCHY, you can't stop it with a Constitution, logic, pleading or common sense. You can stop it only by restoring the missing ORDER, FORCE and AUTHORITY!

That is precisely what Adolf Hitler did, and why he is so brutally hated by the scummy anarchists, Bolsheviks and assorted Jews whom he outwitted and out-fought.

So far, the U.S.A. has not gone as far down the road to the left as Germany. No U.S. States have hung up the Communist rag and totally overthrown order and authority, as the Jews did when Germany was defeated in World War I. So far, we can still save ourselves by Constitutional and orderly methods, and we do not have to move all the way to dictatorship, to correct the evil--SO FAR. There is plenty of power in the Presidency already so that I--or any honest, decent and informed American leader--can restore order and liberty under law to our perishing America.

But if the kosher conservatives continue to temporize with the situation and pretend that we can beat the Jews and their rush toward anarchy and Bolshevism by loving Jews and niggers and never mentioning the ENEMY--and by pretending that "Communism and Nazism are the same thing"-- GOD HELP US! We will be like a man who finds a little glow of fire in a box of dynamite and keeps blowing on it hoping that he can stop the fire without using water or radical methods, for fear of ruining his dynamite.

AMERICA CAN NO LONGER FIDDLE AROUND WITH EASY WAYS!

AMERICA IS "ON FIRE" WITH ANARCHY!

But the fire is still small. We still do not need the dictatorship Hitler was forced to adopt (because Germany needed political "martial law" with whole states going RED). But we do need a movement which is RADICAL RIGHTIST, and TOUGH.

Those who keep prating of "individual freedom" should take a look in the streets of any American city and SEE the wild, wooly, murderous "individual freedom" we already have--for niggers and Jews! There is TOO MUCH "individual freedom" for the enemy. But the kosher conservatives don't dare even MENTION the enemy! If these timid people, particularly the wealthy ones, cannot soon see that it is not more "individual freedom" we need, but more AUTHORITY FOR DECENT, WHITE, CHRISTIAN AMERICANS, to save themselves from rampaging niggers and Communist Jews and anarchist "students", etc., then these blind Americans will pay by suffering one of two fates.

Either (1) we Nazis will be able to win in spite of their lies and lack of support, and we will be forced to be ROUGH with not only the enemy, but with these fatheads who attack us too (as Hitler had to be), or (2) we will lose, and we will ALL be shot by the enemy or sent to the uranium mines.

The alternative to these unpleasant things is for SOMEBODY in the rich and "responsible" right to see that it is time to quit the kidding and the fooling around. It is time for us to do the ONE thing the enemy fears and moans about all the time.

They fear, above all things, the union of the radical right and what they call the "military-industrial complex"--the combination of MONEY, LEADERSHIP AND FORCE. These are the very things the "conservatives" so sadly lack; now, and unless they soon overcome their terror of being called "fascists" and "hate-mongers", they will never get them and will be doomed to the very thing they dread so much, TOTAL LOSS OF ALL THEY HAVE AND ALL THEIR FREEDOM--to a gang of filthy Jews and their Shabez-Goy minions, leading an army of black scum.

For more than fifteen years I have begged and pleaded for "unity" and some common sense in our side.

But the economic terrorism of the Jews has been such that the men with the means are all pouring out their money for methods the Jews PERMIT--for "Birchism"--and can anyone be so stupid that he doesn't see that the Jews would never tolerate what had any chance of BEATING them?

Our Founding Fathers, by modern standards, would be called the worst kinds of "fascists" and "Nazis" and "haters". Even the most rabid Nazi, today, does not chain up Blacks as SLAVES--yet the writers of the Declaration of Independence and the Constitution did chain up slaves.

They didn't permit women to vote, nor men without property.

They didn't believe in letting the "people" select a president, being well aware of the danger of the demagoguery which plagues our nation today. Instead, they set up an electoral college to guarantee selection, not of the most POPULAR demagogue, but of the BEST STATESMAN to lead America. So we have by-passed the electoral college.

I could go on and on with the "fascist" tendencies of our Founding Fathers.

Actually, what they did was set up the BEST OF THE RIGHT--order and authority--and the BEST OF THE LEFT--individual liberty under LAW.

Unless our "conservatives" can see that only a RADICAL move to the RIGHT--to get back to the inspired "center" of the Founding Fathers, and unless they quit the childish kidding about the Jews and niggers, when everyone knows better, and unless they quit backing such empty-headed fakers and medicine men as Rabbit Welch, and start backing a FIGHT--we will go all the way to the LEFT, to anarchy.

And anarchy is a condition which CANNOT survive in Nature or society.

The moment there is no "boss"--a "boss" will establish himself by NAKED FORCE, as in the animal world.

And when that happens, we will be back to the law of the jungle.

There will be no respect for property or life, and the first to go will be the cowards who now temporize and tolerate Jewish political and economic piracy.

If the Founding Fathers were to come to life today, they would NOT BE BIRCHERS.

They would gasp in horror at the niggers rampaging in the streets, and you can be sure that our stern great-great-great grandpappies would quickly have these darkies chained up and back at work where they could do some good.

As for the Jews strutting around as "statesmen", "leaders", "preachers", etc.--our Grandpappies would have the Red scum swinging from half the lamp-posts in the country.

In short, had the Founding Fathers lived today, they would have been "NAZIS", as the Jews call anyone who sticks up for the White Christian people and Constitutional Government.

It's time to stop playing the Jews' game of kosher conservatism, and start FIGHTING THE ENEMY, so we can restore ORDER, AUTHORITY and LIBERTY UNDER LAW to our America.

It's time to quit being sissy "conservatives" and be fighting "NAZIS"!

Bits Of Bigotry

After America finally turns on its Jewish tormentors, if this country were then set upon by the rest of the world (as Germany was set upon when it tried to defend itself from the Jews), I would expect to see the rest of the world showing pictures of the electric chair at Sing Sing, wailing that six million American Jews perished in that chair, starting with the Rosenbergs.

We are preparing a new pamphlet to be called the "Handbook of Hebes", a directory of the real names of the tens of thousands of Jews who dominate our national life. I would be most grateful if every reader would submit his own list of the right names of Jews he has learned over the years. In 1956 the Jews stopped publishing "Who's Who in American Jewry" precisely to prevent Americans from learning the enormous extent to which Jews with phony Christian names have seized control of our minds in America. This makes the task difficult, but, with the help of our friends around the country, I think we can supply the Jews with a Nazi edition of "Who's Who in American Kikery".

Our Vice President in charge of prejudice and bigotry in Michigan has come up with a first-class descriptive title for the high-class coons who are paraded as top generals, statesmen and educators in our national life--the Harvard-type jigs: "Ivy League Niggers".

BOB, JOHN THE BOMB, FRED THE CARPET

▨ The bridegroom, Charles Stewart, wore boots. The bride, Ann Pyle, wore grey. As her father, Congregational minister the Rev. Eric H. Pyle, said when he blessed them, this was "a wedding with a difference."

▨ The couple were blessed in the chapel of the Cheshunt College of Theology, Cambridge, where Mr. Pyle has been director for seven years.

▨ The ceremony was different because, Mr. Pyle said: "I had to devise one that did not require them to say anything which indicated they were fully believing Christians. They wanted everything they said to be sincere."

▨ The wedding music: A record of Pete Seeger's "We Shall Overcome."

▨ Ann's woollen dress was new—but her coat was brown corduroy, dyed black. And Charles wore an elegant fob watch chain on his waistcoat under brown corduroy jacket and jeans.

▨ His friends were there with flowing shoulder-length hair like his own, in jeans, jackets and cloaks of leather and fur and tweed.

▨ There were Fred the Carpet, John the Bomb (a pink suit under his fur jacket), Evil Bob, Scott, Spratt, Cindy and Ben.

▨ The bride's mother, Mrs. Joan Pyle, said: "It was Ann's day and she wears what she likes and the wedding was lovely."

▨ At the chapel ceremony—held after the couple's civil marriage at the Shire Hall Mr. Pyle said: "I am proud they refused to be bound by wasteful and useless conventions. I am very glad they have the courage to do these things."

▨ Ann, 21, on her wedding day, and Charles, 24, moved into their one-room home after the reception. Charles, who earns £10 15s. a week gardening, said: "A honeymoon is just another convention. We dispensed with it."

A Sick Sign Of The Times

On the left, we reproduce a clipping which appeared in the London "Daily Mirror", showing a marriage clebration by a bunch of Ban-the-Bomb "beatniks".

At first glance, it is difficult to tell the "men" from the women, and the whole mess from a herd or Hoboes.

This photograph neatly illustrates the utterly SICK symptoms of "modern" times.

Kids learn through imitation. When such trash as this is glorified in the newspapers, it is no wonder that more and more of our kids become polluted and perverted.

The "Daily Mirror" could have devoted this tremendous space to decent, healthy and wholesome accomplishments of youth. Instead, they reach deep down into the cesspool to dredge up this filthy, smelly, pinko, cowardly human garbage and parade this foul stench before the eyes of millions of impressionable KIDS, as something worthy of notice.

There is only one thing which can be said in favor of the marriage of these particular dirty cruds. At least the bride is a female. (Or appears to be).

Lesson From South Africa

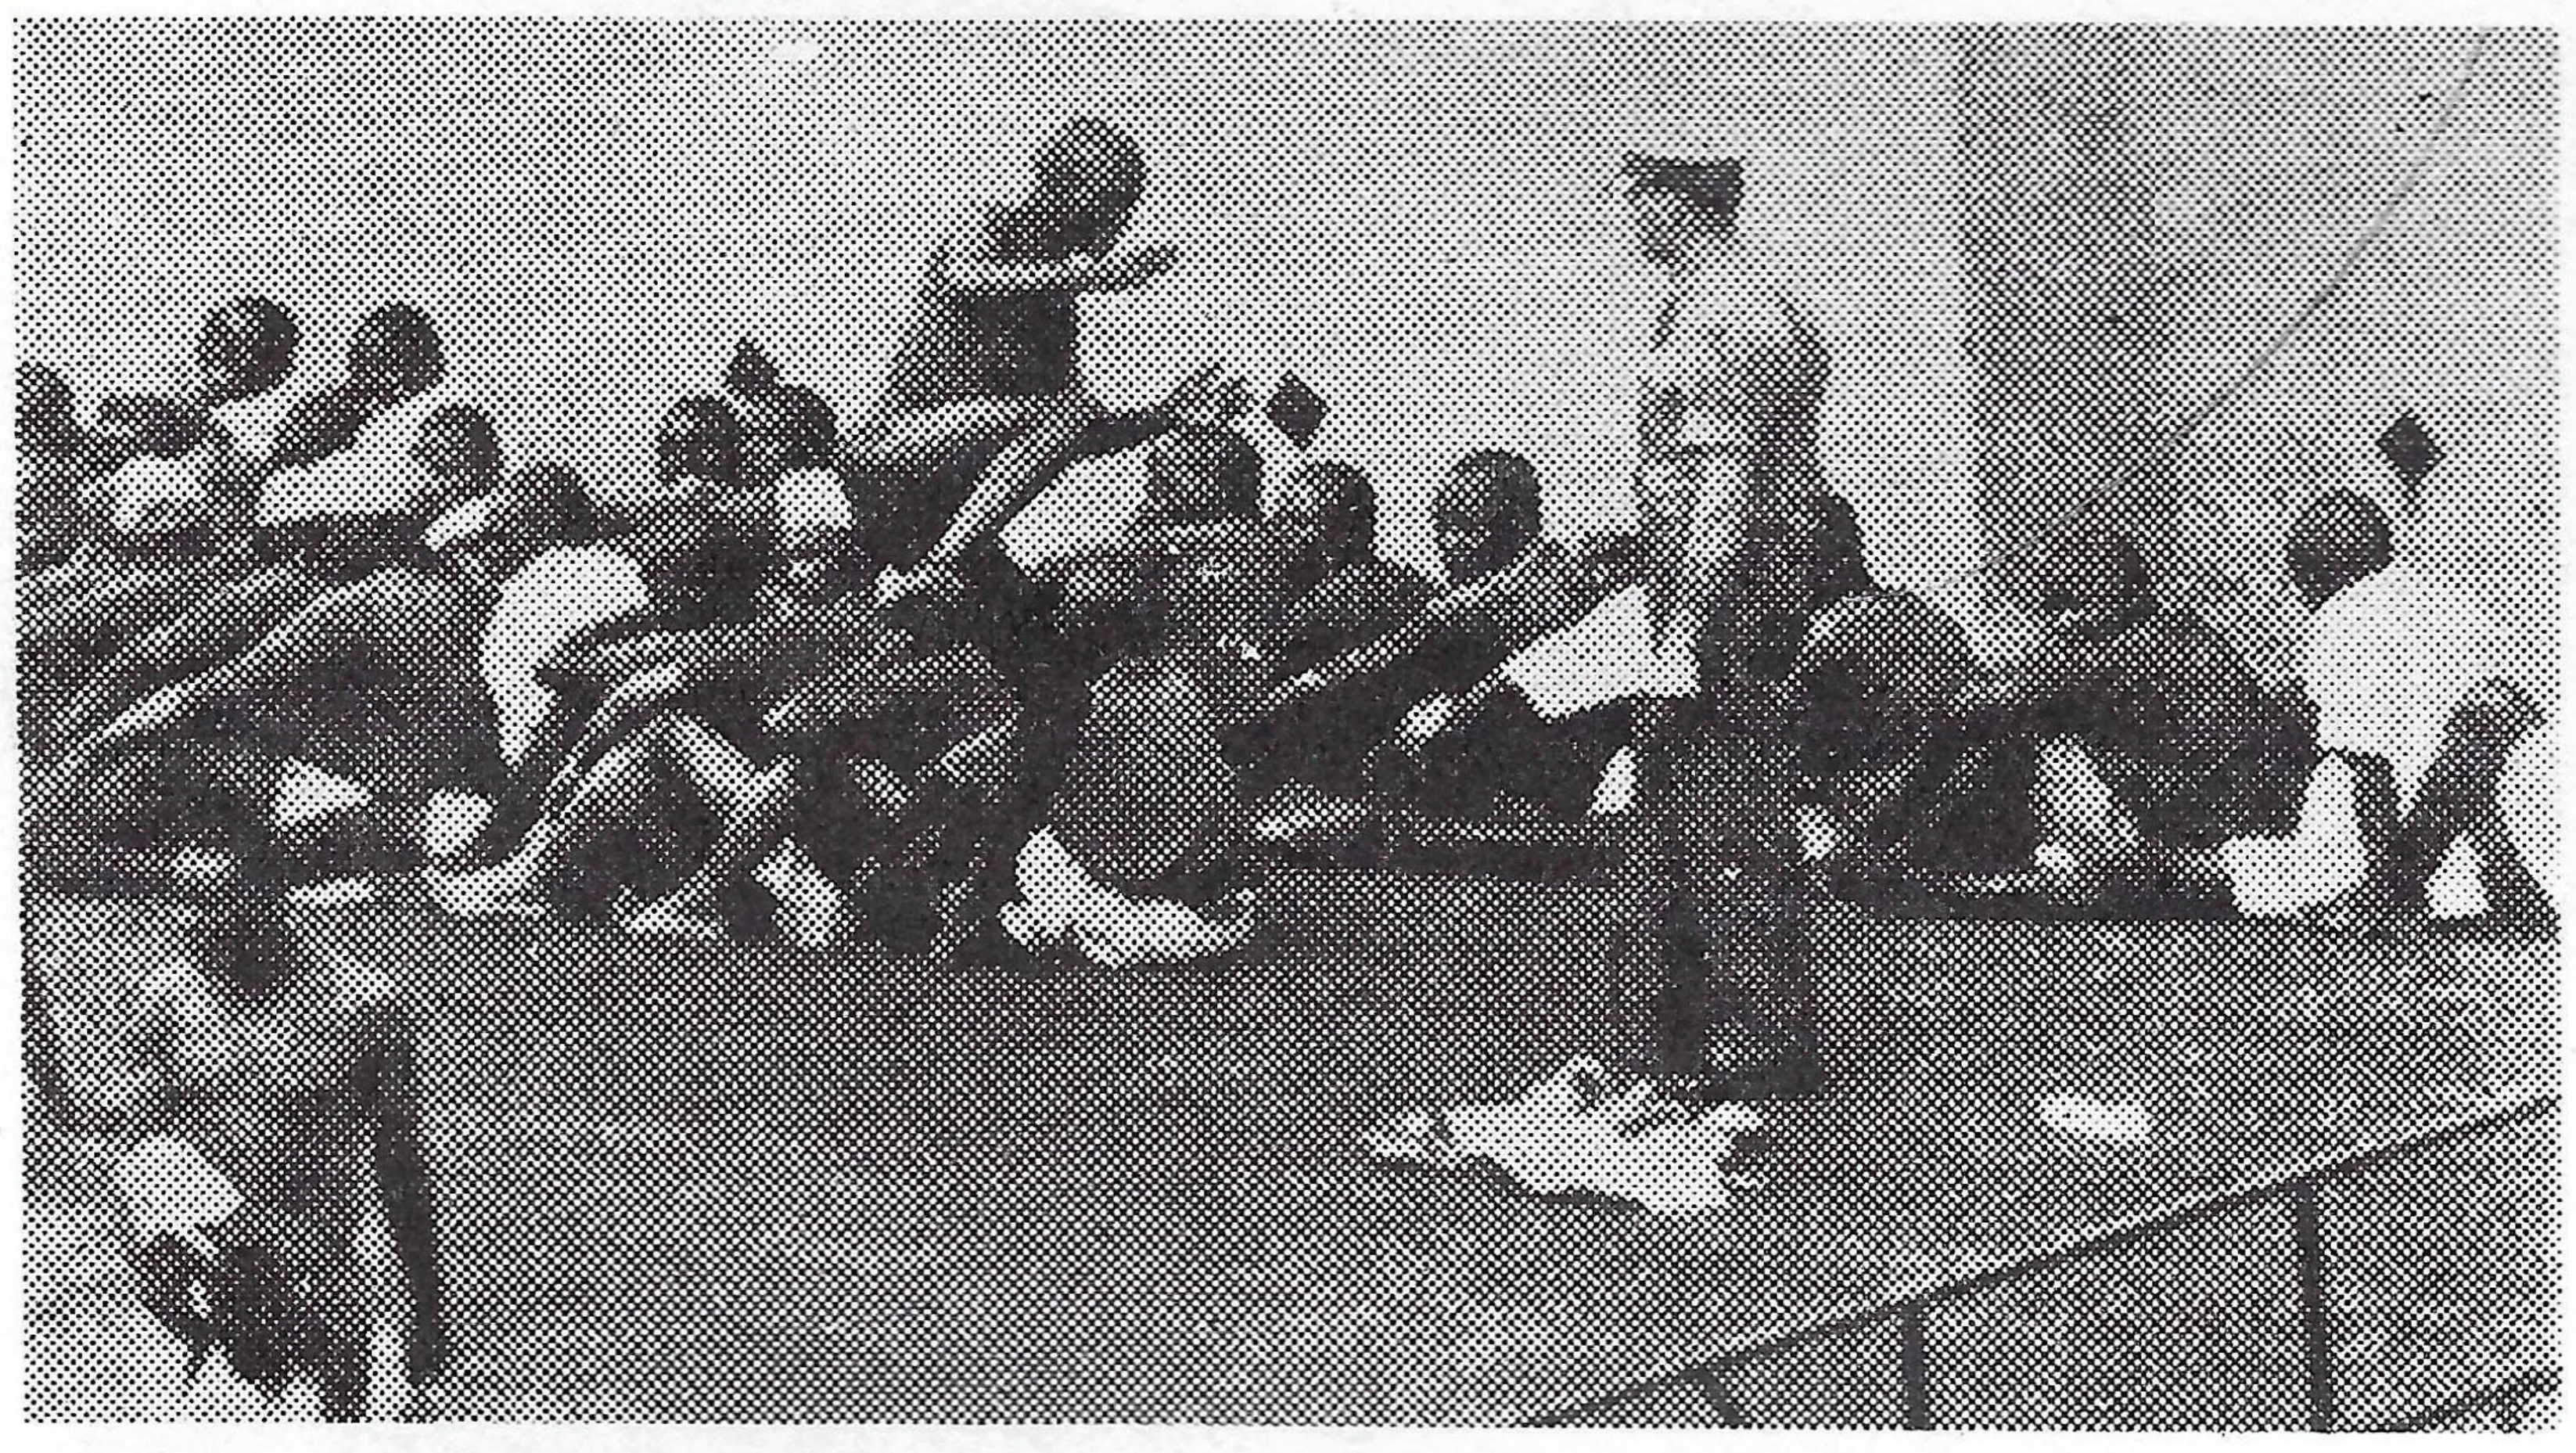
The South African White people have a much more serious nigger problem than even we in the United States. They are outnumbered by millions, with still more untold millions of black savages eagerly arming and training to overwhelm them in the rest of Africa.

Under these circumstances, they have learned how to deal with their niggers better even than perhaps some officials in our Southern states.

Niggers in South African jails, because of their tendencies to hid deadly weapons with which to cut up the guards, in crevices of their body, are forced to line up and do what the guards call a "tausa dance", as shown in the accompanying photograph.

In the process of this dance, any hidden razor blades or other weapons fall to the ground.

It is too bad that our bleeding-heart liberals and nigger-lovers could not be assigned as prison guards in some U. S. jails for a few weeks. Better yet, let them be White prisoners fighting for their lives--and "virtue"--in any big U. S. prison jammed packed with vicious niggers.



Scene in South African jail where prisoners are forced to do "Tausa dance."

Western "We Shall Overcome"

While riding a bus from Texas to New Mexico last week, I read a good bit of a book called "Cheyenne Autumn". It's a thoroughly documented account of the heroic forced march of the remnants of the Cheyenne tribes from Oklahoma to the Dakotahs.

Then, back in Washington, D. C., I saw the Hollywood picture of the same name.

I am sadly familiar with what Hollywood does to real art, and what the Hollywood Jews do to the truth. But I was utterly STUNNED by what the Jews have done with this simple tale of Indian stamina and courage.

So help me, the picture starts off with a march by the Indians to the Army HQ where they demand food, etc.--and, again, so help me, you can almost see the picket signs and hear "We Shall Overcome" as these colored folk plod along. Needless to say, the dirty, rotten, hard-hearted, hate-mongering WHITES kick them back into the dessert with nothing but curses.

Then, out of nowhere in the book, into the picture comes a lovely, blonde Quaker (from the Friends' Service Committee for Communism and Mixing, no doubt) to take up for the poor Indians, and ... I hate to keep saying this so often, but there ain't no other phrase, ... so help me, this beautiful blonde peace-creep marches all the way with her dark friends!

After enduring endless horrors at the hands of the dirty White swine (except for one, high-type LIBERAL Army Officer who recommends co-existance, etc.), the Indians make it to their old stamping grounds in the North and surrender to the Major at a calvary outpost. When the Major first appeared in the picture, I was confused by the accent--couldn't quite place it. But then he ordered the Indians locked up, freezing and starving, in a below-zero warehouse, and then went and stamped on their pitiful fire--I had it! PRUSSIAN! (tinged with Yiddish). As the Indians suffered nobly, shivering and dying a la Hollywood, they lacked only striped clothing and Jewish accents to be first class stand-ins for Auschwitz or Dachau propaganda. By this time, the hateful Prussian major is drunk, staggering and slobbering like a pig. His officers try to get him to be human, but he screams in the best "dirty Nazi" fashion that "VE MUST HAFF DISCIPLINE! I HAFF MINE ORDERS! DEY VILL BE OBEYED!" ...."

The desperate, starving Indians burst out of the warehouse shooting and there is carnage in the stockade yard until they escape. All the while the drunken Prussian major is slobbering over himself in his room, too swinishly drunk to do anything. When he finally bursts out with his rifle to do some killing, he surveys a scene of a yard-full of bodies in the silence, while all the troops stare at the slaughter he has caused. By this time, you have noticed that the major's hair has fallen across his forehead, and his little black square moustache has subliminally reminded the audience of somebody else. The hateful, mad, drunk, slobbering, slaughtering Prussian then stumbles screaming, crying and staggering off the Post and into the night, presumably to die.

I am sorry I wasn't sufficiently alert at the beginning of the picture when the starving Indians were having their march on the Army Post, or I am sure I could have picked out the worst Army officer, who, I have no doubt, looked like the Governor of Alabama.

Fairies' Handbook

The homosexuals, like the Communists and niggers (in many cases the same people), continue to become more arrogant, aggressive and obnoxious.

From one of their major headquarters, San Francisco, they publish a queer newspaper called "Citizens News".

This brazen and filthy sheet openly advises queers where they can get together for their unspeakable orgies, find partners, etc.

There are two ads in this pervert paper worthy of note. On page 12, they print an advertisement for their "Lavender Lexicon", a dictionary of gay terms and phrases, at $ 2.

This sort of thing is highly illegal almost everywhere in the U.S.A., yet our Judaized and liberal administrations are too chicken to apply our own laws and close up these dens of degeneracy.

It will take a tremendous upheaval in American politics to install leaders who will ruthlessly clean this sort of rot and moral disease from our national life.

A Big Lie Nailed

In another article in this Report, I have told of a big "anti-Nazi rally" put on jointly by the Jews and kosher conservatives in Glendale, California.

When the assembled tribes of Israel, the Congo and Shabez-Goy got down to the speaking, the chief subject was the last ditch defense of the fakers and liars--"Nazism and Communism are the same thing" they howl. That was what ex-ADA'r Ronald Reagon kept hammering at and what Jew "War Veteran" Nathan plugged. Billy James Hoggis blasted away with the same line, recently, on a TV show in L. A. with Louis Lomax, the famous nigger.

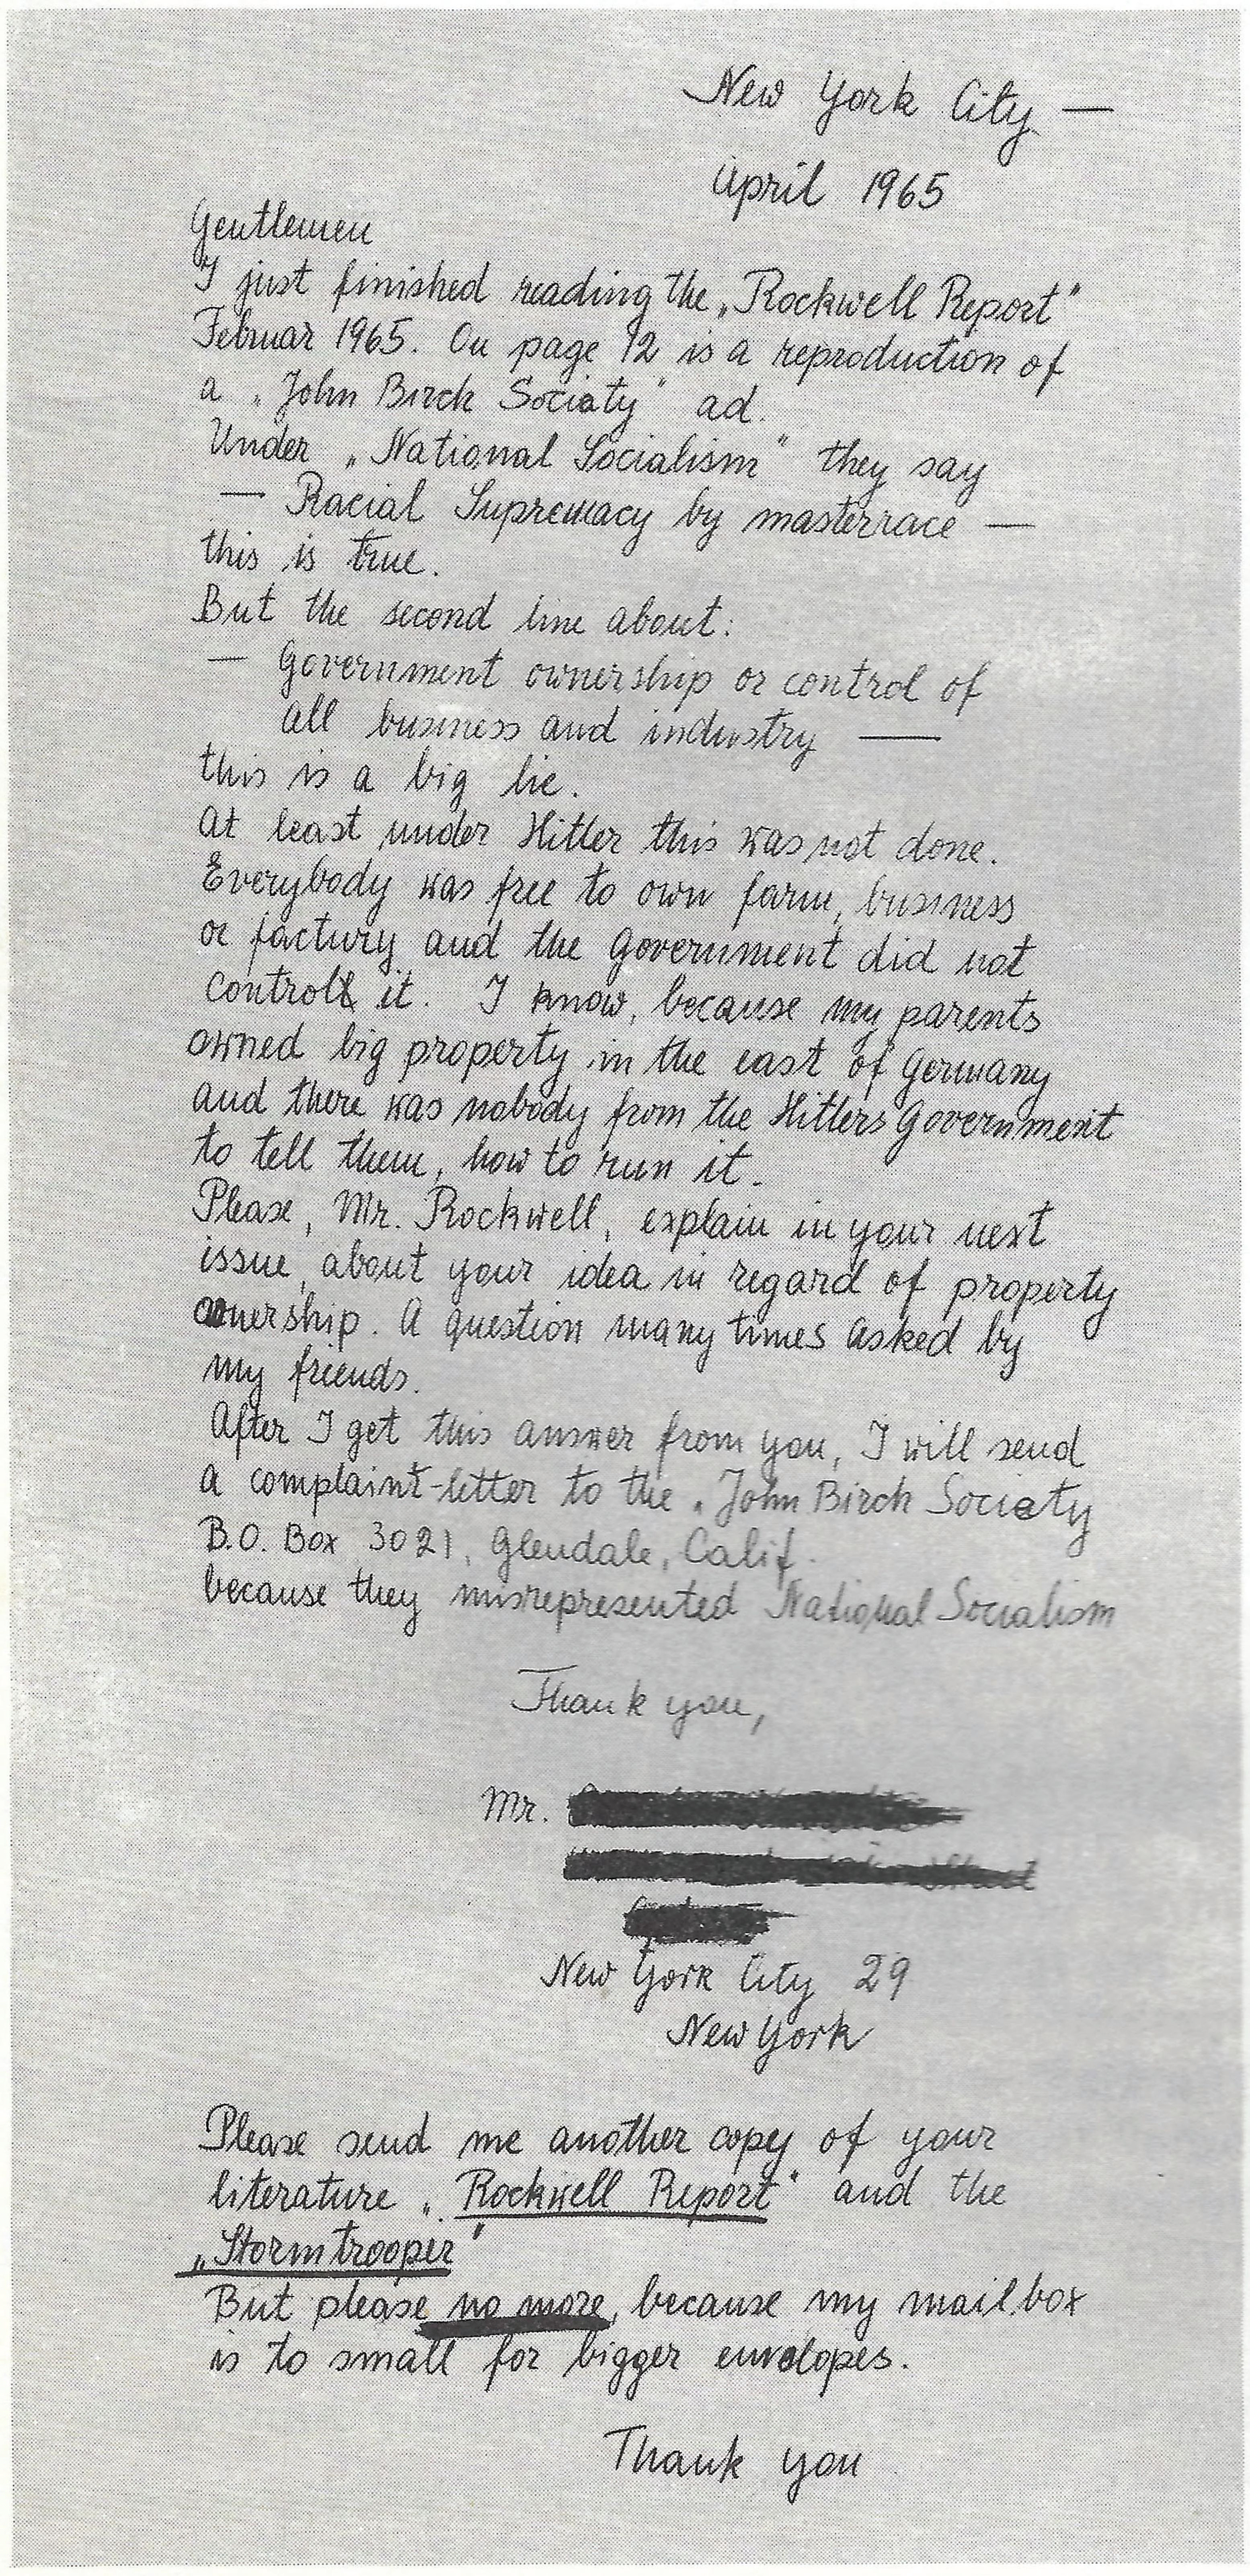
The idea of this "Communism-and-Nazism-are-the-same" line now being put out by both the Jews and the kosher conservatives is to STOP US FROM GETTING THE FINANCIAL SUPPORT WHICH IS NOW INEVITABLE.

The scheme is to convince wealthy Americans that we are out to confiscate their wealth.

The method is to use the misleading word "Socialism" (in "National Socialism") to "prove" that we are the same thing as the Marxists, and that we therefore don't believe in private property and free enterprise. To bolster this Jew sophism, they tell the whopping, staggering lie that HITLER established "Government ownership or control of all business".

That is a damned naked LIE, as the Krupps or any of the big German industrialists could tell you (the ones not murdered by the Jews as "war criminals").

This morning, in the mail, I got a handwritten letter from an old German now living in New York City, a German who lived in Germany all during National Socialism. Rather than say any more, I will reproduce the letter exactly as he wrote it (minus his name, for protection).



New York City —
April 1965

Gentlemen
I just finished reading the „Rockwell Report"
Februar 1965. On page 12 is a reproduction of
a „John Birch Society" ad.
Under „National Socialism" they say
— Racial Supremacy by masterrace —
this is true.
But the second line about:
— Government ownership or control of
all business and industry —
this is a big lie.
At least under Hitler this was not done.
Everybody was free to own farm, business
or factory and the government did not
controll it. I know, because my parents
owned big property in the east of Germany
and there was nobody from the Hitlers Government
to tell them, how to run it.
Please, Mr. Rockwell, explain in your next
issue about your idea in regard of property
ownership. A question many times asked by
my friends.
After I get this answer from you, I will send
a complaint-letter to the „John Birch Society
B.O. Box 3021, Glendale, Calif.
because they misrepresented National Socialism

Thank you,

Mr. [redacted]
New York City 29
New York

Please send me another copy of your
literature „Rockwell Report" and the
„Stormtrooper"
But please no more, because my mailbox
is to small for bigger envelopes.

Thank you

Finally, as the last desperate gasp of these despicable Jew and kosher-conservative liars, they are now trying to depict the EAST German Government as "Nazi", even though it is violently Communist and has ruthlessly exterminated every last REAL Nazi it could find.

No matter how much these filthy and cowardly liars scream their verbal swill, sooner or later wealthy and decent White, Christian Americans will realize that they cannot SURVIVE unless they are willing to back intelligent and honest fighting men willing to name the enemy and attack him! That's what happened in Germany, when the industrialists got sick of the German "Birch" society, and finally backed Hitler to "go get 'em!"

No matter what lies they spread, the kosher conservatives are still miserable, yellow cowards.

They're getting millions now, when the rich men still believe there's an "easy way".

But the niggers and Jews get wilder and more deadly every minute and it is only a matter of months now before at least ONE rich American will get disgusted with the parlor patriots and give us just that one chance.

That's all we'll need. We can and will save the private property of honest Americans and see that productive, decent White Christian Americans are free to keep building America as they have in the past.

Tyranny In Freedom's Clothing

The Federal "Civil Rights" bill covers far more ground than any state law of this nature. Yet, even under the New York "Civil Rights" law, which has been in effect for many years, the courts have already held that, in selecting employes, an employer may NOT ask for:

1. The original name of an applicant. 2. Birth place or relatives of an applicant. 3. The birth certificate, naturalization papers or baptismal record of an applicant. 4. The religious affiliation of applicant. 5. The "complexion" or "coloring" of applicant. 6. A photograph (!) 7. Citizenship of applicant's parents or relatives. 8. Ancestry of applicant. 9. Original language of applicant, or how he learned to read, write or speak a foreign language. 10. Name or address of any relative other than parents, spouse, or minor dependent children. 11. Applicant's general military experience. 12. A list of the clubs, societies and lodges of applicant.

In addition, an employer may not even tell an applicant "This is a Catholic, Protestant or Jewish organization! It is literally a criminal act in New York, for instance, for a Chinese restaurant to hire Chinese waiters!

You cannot even determine if your prospective employe might be a criminal using a phony name, since to ask for his original name is a criminal act. As the Jews have done for centuries, they assure us over and over that the chains they are rivoting about our necks and ankles are "freedom" chains, "love" chains, etc., ad nauseum. Vile as is this tyranny of the Civil Righs bill, it has this delightful (for patriots) side effect: it will make "anti-Semites" and "nigger-haters" out of hundreds and hundreds of thousands of liberal and brain-washed, White Americans.

All Hell On The Western Front

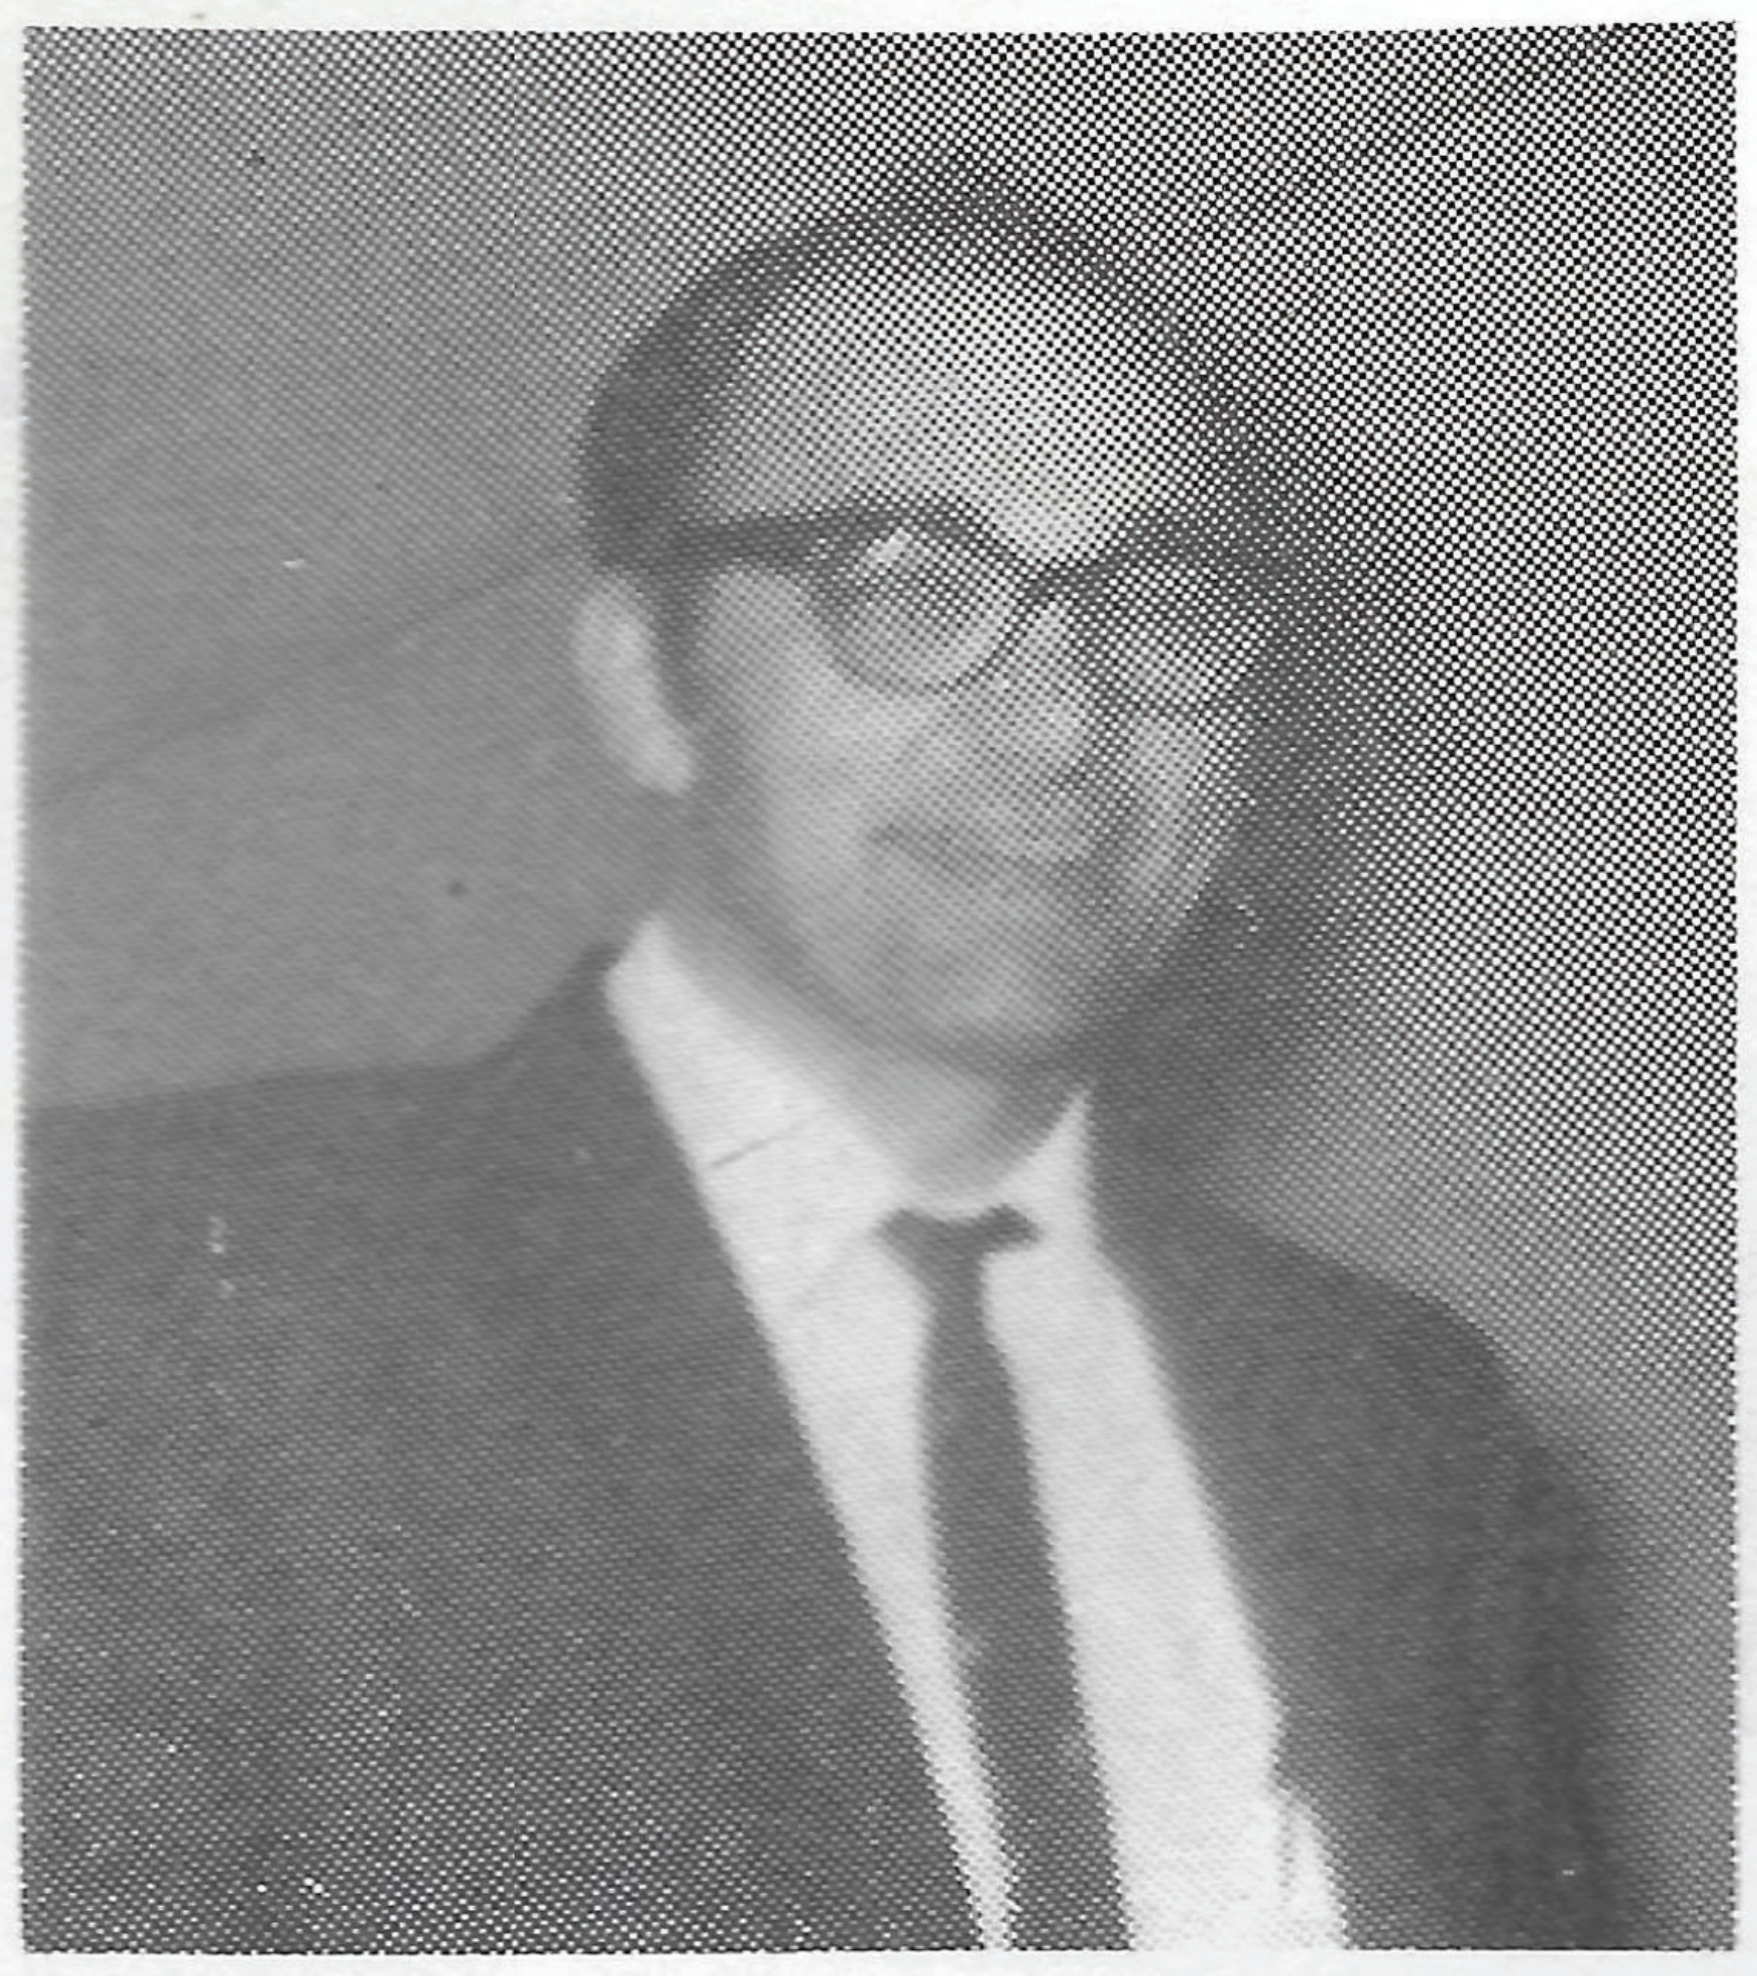
Readers will remember that in the searching analysis of the assassination we made, the author of the black-bordered ad in the Dallas papers the day of the assassination was identified as a Bernard Weissman, a Jew who travelled all the way down from New York just to run a full page anti-Kennedy, rightwing ad in the Dallas papers. Had Oswald not been caught by a very real miracle, as we pointed out in our analysis, the rightwing would have been wiped out--one of the chief goals of the Jew-Communist-Zionist machinery. Just as with the Birmingham church-bombing, patriots would have been blamed and driven to extinction, as some of the most rabid lefties tried to do even after a Commie was identified as the killer. That ad would have gone a long way to hang the blame on the rightwing.

When we opened up headquarters in Glendale, California, last year, the Jews arrived in droves to stampede the crowds and run us out. Leading the pack of riot-inciters was a Jew "Bernie Weissman".

Working with Weissman on this was, and is, another Jew--a Jew named Shultz who boasts that it was he who "got" General Walker by stirring up the "Oversexed Weekly" Jews to go after the General. This dark, sinister-looking little Jew-boy, Tony Shultz, arrogantly explains how he met the Jews from the Overseas Weekly in a bar, and gave them all the scoop on how Walker was a "Bircher", etc., etc.!

During the fall, winter and early spring, Weissman, Shultz & Jew Co. were busy as maggots in a corpse working feverishly to run our Nazi headquarters out of town and, if possible, put our men into jail--or graves.

They managed to get a "prosecution" launched by Shultz (who was still passing himself off as an honest reporter), getting Captain Forbes to pose for some pictures for "Life"--he said--holding a "meeting".



TONY SHULTZ.

The minute Shultz had the pictures, he ran to the D.A. and pushed for jail for Forbes under a crazy law in Glendale which makes it a crime for two or more persons to "meet for worship, eating, etc., etc.," in a home! (Imagine! Every mother holding a cub-scout meeting is a law-breaker in Glendale, under that law, and it has never been enforced. In fact, as soon as Captain Forbes, Lt. Giles and Troop Leader Vincent had been charged, the town Council changed the law, even before the trial!) Nevertheless, Captain Forbes was convicted, believe it or not, and sentenced to jail! I was out there during this farce!

Meanwhile, the Jews were working on our landlord out there for eviction, and managed to get a suit going, based, believe it or not, on the allegation that they thought Captain Forbes was a "Republican"! (He has been on TV and front pages more than I have out there, and can't go anyplace without being recognized!)

They made him stand trial in TWO COURTS SIMULTANEOUSLY--on the criminal charges and the eviction! I've never heard of such a thing! He actually had to RUN between the two courts! That whole place out there is NUTS! They wouldn't grant a postponement, even when the Jew lawyers, fearing a decision for them would be overturned, joined him in begging the judge to wait until the other trial was over!

Previously, they had refused to turn on his electricity, etc., so that he and his wife and kids were living in the dark, in the midst of genuine combat--with flaming gasoline coming down the chimney, toughs bursting in the door, mobs outside, etc.

In spite of all this unbelievable outright persecution, the city witnesses all claimed they were bending over backward to be "fair", and the charges were "just to enforce the law" fair and square!

But Jews never have the last word with Nazis.

Captain Forbes has beaten the eviction case, with the landlord forced to pay him $6.00 (and without a lawyer, while facing trial in another court at the same time!)

Because of a mix-up in signals between Captain Forbes and myself in one courtroom, the Jews learned that I wanted him to go to jail to dramatize the rottenness of the whole thing, so they set bail at $ 29--on appeal ! (We couldn't let that conviction stand, of course.) We refused to pay even the $ 29, so that I expected not to see Captain Forbes for a few days when I went back to California headquarters. Within an hour, here he came walking in! They had thrown him out of jail--without bail! Now he writes me, that to cover up, somebody, without his knowledge, has put up bail!

ANTI-NAZI SPEAKERS—Actor Ronald Reagan and Jess Nathan, left, commander of Glendale - Burbank Jewish War Veterans Post 650, delivered hard-hitting attacks on American Nazi movement during rally Friday night in Glendale Civic Auditorium. —News-Press Photo

The ACLU can't allow that conviction to stand either, since if it did, any two Jews or jigs getting together for a meeting in their home could be jugged in Glendale or anywhere else where they passed such an ordinance. So now one of the most notorious of all Jew-ACLU-ers, A. L. Wirim (late of the Fair Play for Cuba Committee), will fight the criminal case up to the Supreme Court. Victory is not probable; it is certain.

In the meantime, while all the court business was going on, Weissman, Shultz, Jews & Co., put on a big "Anti-Nazi Rally" with a flock of Shabez-Goy kosher conservatives for "bait". As the chief bit of bait they hauled out ex-ADA'r, Ronald Reagen, and advertised their big "Kick-the-Nazis-Out" rally for Friday, May 7, in the Glendale Civic Auditorium.

In the best Weissman style, they printed a big ad with the usual black border.

However, the course of true-Jew-love never does run smooth, not when the Nazis are around!

Some unknown parties put another ad right in with the big Jew-Birch-Love ad, welcoming Martin Luther Coon, as the shining example of anti-Nazism and Nigger-Jew brotherhood! Glendale is all White, and these awful people who put in this ad, must have scared the nice, kosher conservative Glendalites half to death at the prospect of the arrival of Coon and his dusky troops to the anti-Nazi Rally. We also understand that some 500 seats were reserved for the big Martin Luther Coon delegation, which never showed up!

On top of all this confusion, it seems some othe people printed up a huge number of special fliars (see example) inviting L. A. niggers to flock to the anti-Nazi rally as a sign of brotherhood, telling the black brothers in L. A. to "call any Glendale minister" for free transportation to the rally. These coon invitataions were seen all over the jig areas of L. A. !

Of course, the love-mongers can't complain or do anything to these unknown parties who invited all the niggers, Martin Luther Coon, etc., since they, of course, are mad about the niggers and just love them to death, and must have been overjoyed at the wonderful turnout of colored citizens at their anti-Nazi rally. What COULD be more anti-Nazi than a nice mixed scene of the kosher conservatives and Jews swamped by a few thousand rich, fully-flavored niggers?

First result of the "Anti-Nazi Rally" was that quite a few citizens of Glendale took one look at the horrible hebe running the show, Kike War Veteran Jess Nathan, and decided they were Nazis on the spot. Take a look yourself at that unbelievable Jew kisser, and see if even the biggest Jew lover wouldn't want a Nazi arm-band after exposure to THAT!

Citizens in other parts of the country who are plagued with kosher-conservative nigger-lovers holding "anti-hate" rallies, let us know, and we will try to locate the parties who invited all those niggers to Glendale for the love-rally.

As a result of all the persecution, publicity, and finally the nigger-Jew-loving "anti-Nazi rally", help has at last come in to the California headquarters and they now have the ultimate, a PHONE!

Total score for the Jews and kosher conservatives: Zero.

For the Nazis: Eviction beaten. ACLU beating the criminal conviction for free. A telephone. Weissman and Shultz exposed. More support than ever before. Unlimited fun helping the "Anti-Nazi Rally" show Glendale what Jews and niggers really are.

For Glendale: A big advance toward the day when they will help get the gas chambers going.

Nazism is rearing its ugly head once again and spreading its vile poison of hatred against races and religions. The American Nazi Party has had the audacity to open up a Western Headquarters in the City of Glendale. We are launching a massive educational and legal campaign against the American Nazi Party as both un-American and subversive. NAZISM IS BOTH ANTI-SEMITIC AND ANTI-CHRIST. Its poisonous teaching of race superiority is repugnant to our Judeo-Christian civilization. Its advocacy of brute force and violence is contrary to our Constitution. THE REVIVAL AND VICTORY OF NAZISM COULD ONLY MEAN TOTALITARIAN DICTATORSHIP. It must be nipped in the bud before ever getting started. Attend our gigantic Anti-Nazi Protest Rally in the City of Glendale.

Niggers Know Niggers

Here is a picture of a herd of niggers chained up. Can you guess what the picture shows?

Are they slaves waiting to be sold in the days of Uncle Tom?

Are they unfortunate victims of the dirty hate-bigots in South Africa?

SHACKLED TOGETHER like slaves of a bygone era, these men are not convicted criminals but members of the Ghana opposition. Among them are politicians, officials of the Opposition United Party and leading citizens who have been critical of the regime of Dr. Kwame Nkrumah. The picture was smuggled out of Ghana by a Ghanian member of Parliament who escaped after two years in jail.

No, these are nigger citizens of the nigger nation of Ghana. They are all nigger statesmen who oppose that fine,democratic paragon, Kwami Nkrumah, the "president" of Ghana.

Perhaps New York, Detroit, Boston and Chicago and other cities having nigger problems should import Dr. Nkrumah to apply his very effective methods to the local nigger talent.

Lowest Of The Low

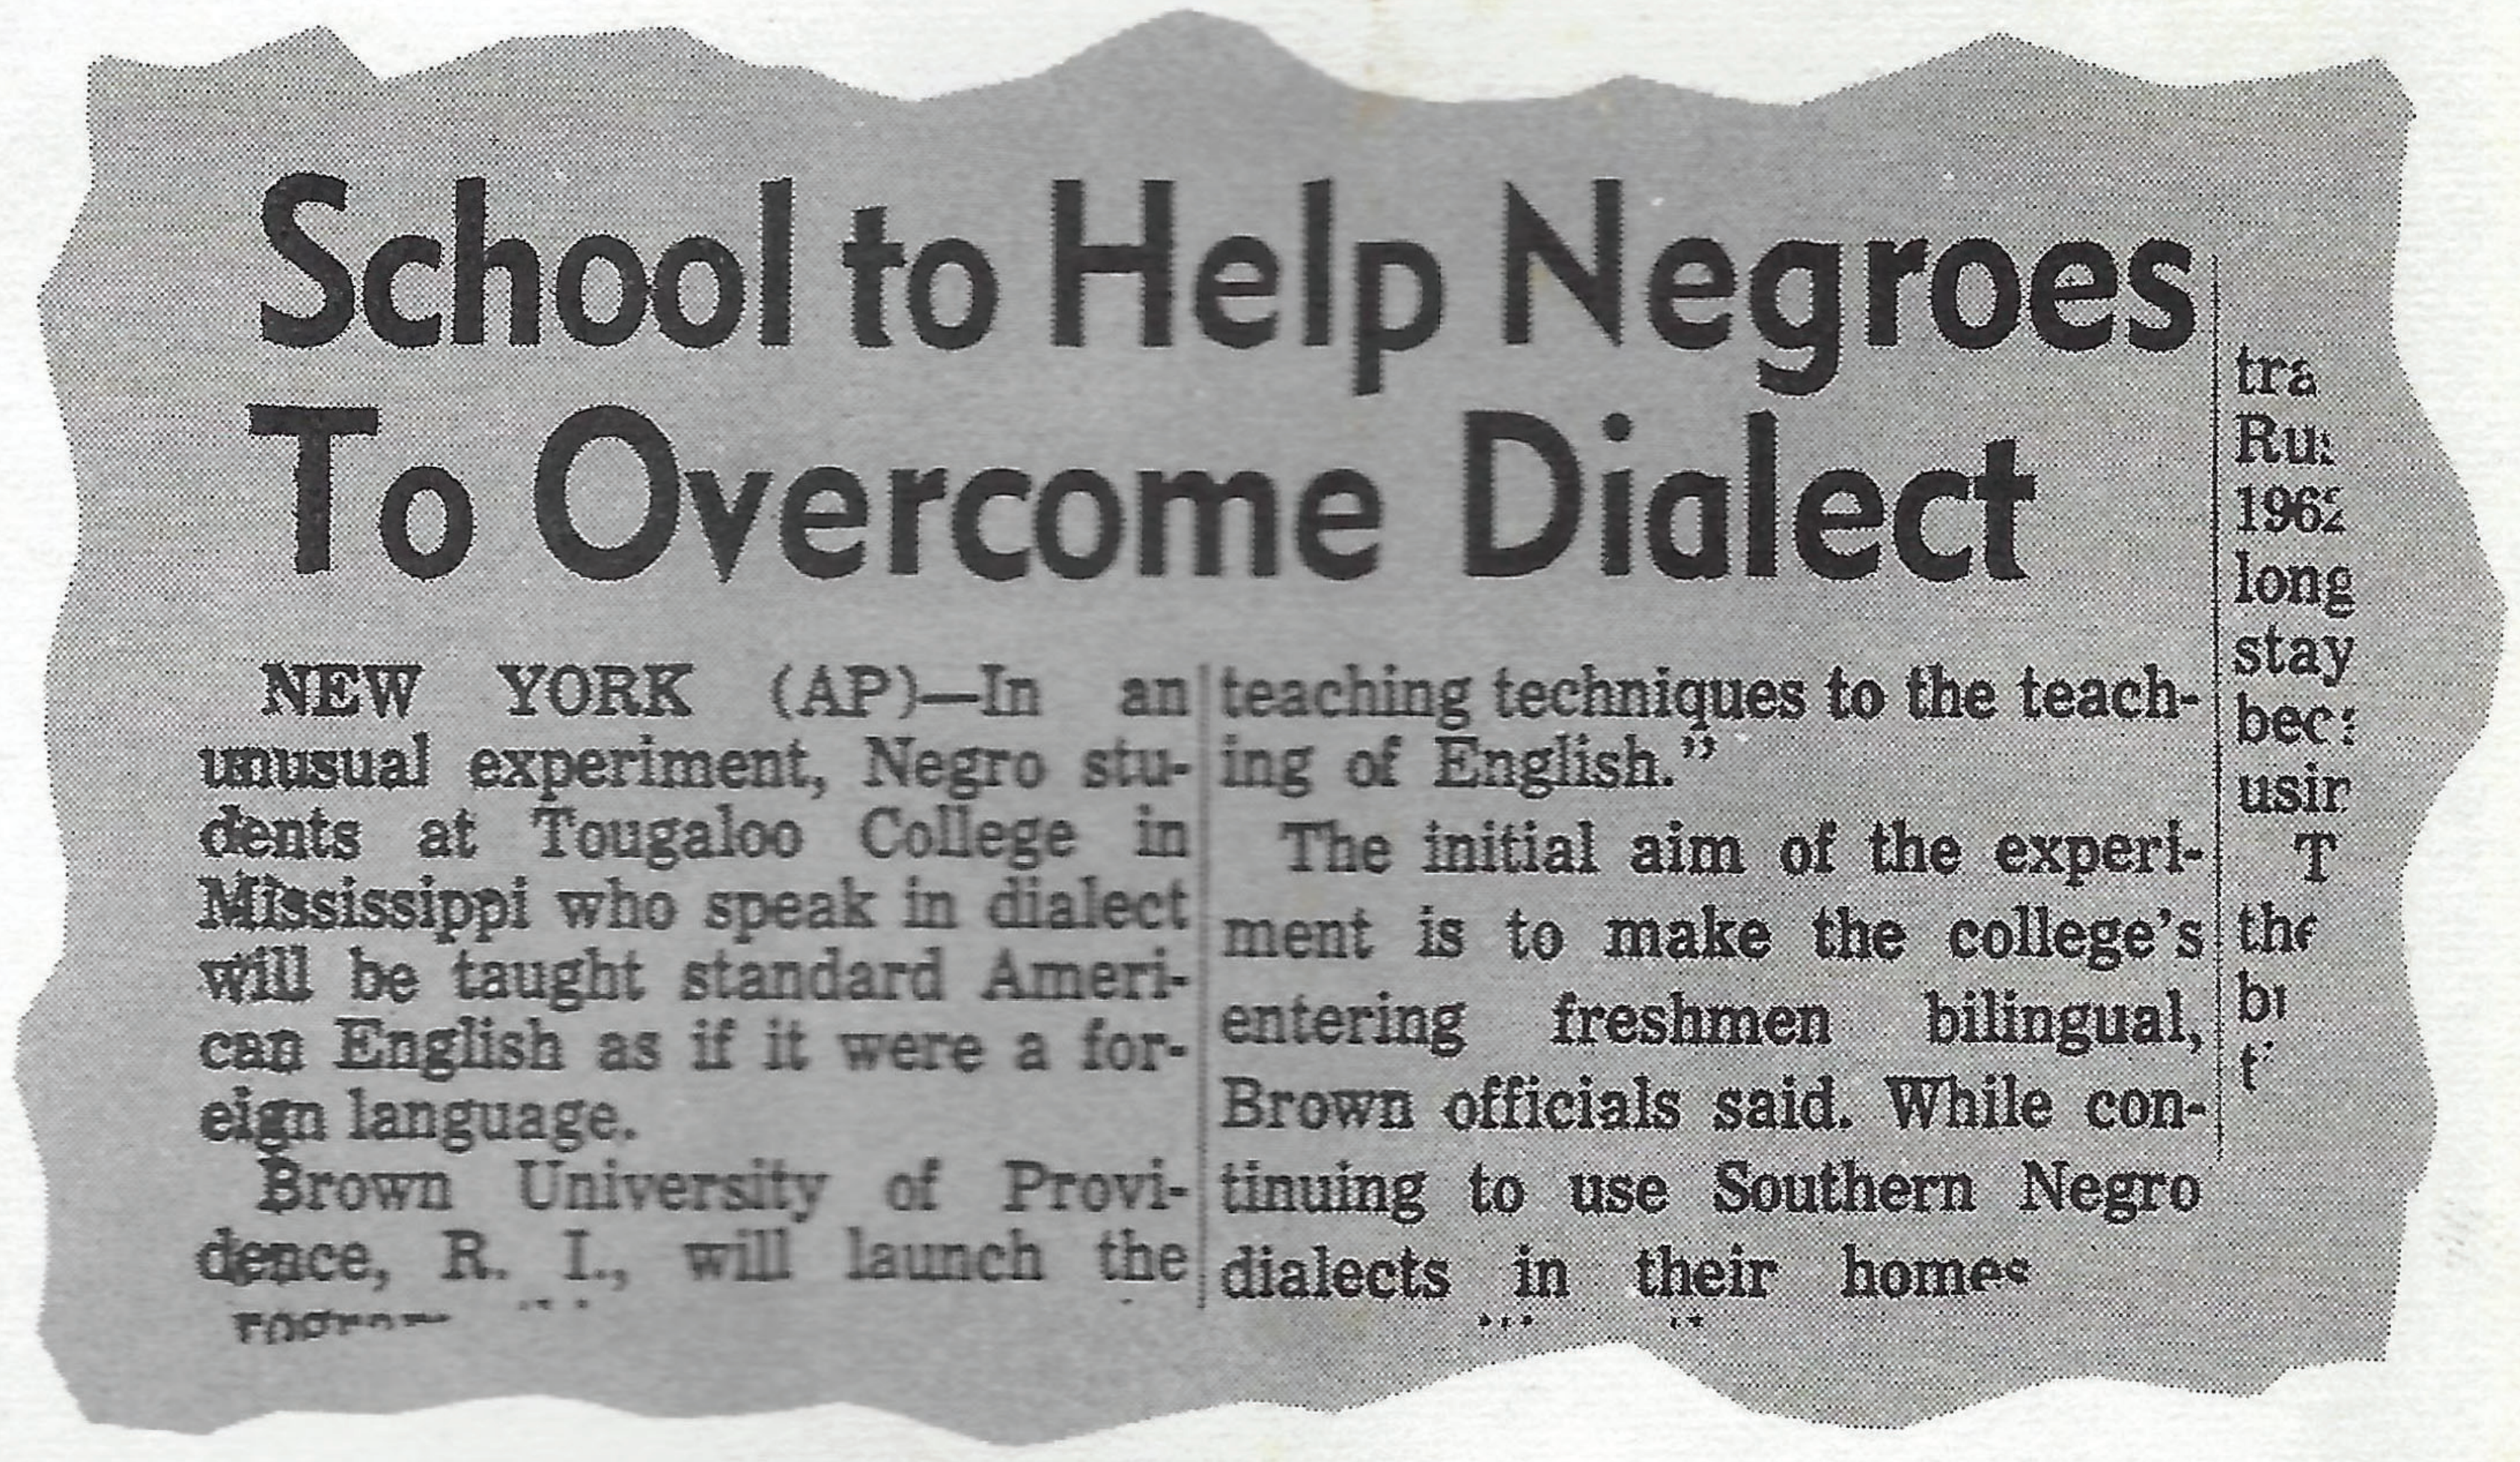
In studying the history of the slave trade, recently, I was reminded of a fact I had forgotten--and which I think many others may also have forgotten.

The first settlers in the South tried to force Indian captives to work in the field as slaves. They had to give it up. Indians simply would NOT be slaves. They preferred to die, starve, or anything else; they simply would not submit to slavery.

On the other hand, the Arabs who made their living capturing wild niggers and selling them as slaves quickly learned that not even all niggers could be enslaved. The Watusies and many other African tribes would not submit tamely and meekly enough.

Only the Guinea niggers on the equator were natural-born slaves.

In other words, our American niggers are not only not equal to Whites; these niggers are not even the equals of most pure African jigs!



School to Help Negroes To Overcome Dialect

NEW YORK (AP)—In an unusual experiment, Negro students at Tougaloo College in Mississippi who speak in dialect will be taught standard American English as if it were a foreign language.

Brown University of Providence, R. I., will launch the

teaching techniques to the teaching of English."

The initial aim of the experiment is to make the college's entering freshmen bilingual, Brown officials said. While continuing to use Southern Negro dialects in their homes

The Washington Evening Star for April 5, 1965 contained an article on page A-6 from the wires of AP stating that American niggers will now be "taught standard American English as if it were a foreign language".

Should be an interesting experiment. I know many niggers who, if deprived of a certain phrase involving their maternal parent, would be just about speechless.
